BACKGROUND:

The Section 3 program is a provision of the U.S. Department of Housing and Urban Development (HUD) Act of 1968 that helps foster local economic development, neighborhood economic improvement, and individual self-sufficiency. The program requires recipients of certain HUD financial assistance, to the greatest extent possible, provide job training, employment, and contract opportunities for low or very low-income residents in connection with projects and activities in their neighborhoods.

Residents and contractors are encouraged to attend this important public forum. For more information on the Section 3 program, please visit <http://www.hud.gov>.
