May 16, 2016

Honorable Members of the Governing Council:

The Administration is pleased to present the April 30, 2016 Monthly Financial Report (MFR) pursuant to City Ordinance 2015-213-207.

This MFR is intended to provide informative and relevant financial data to City Council. The report includes highlights of the City's financial condition for the first ten months of FY2016. This financial information, which is unaudited, includes comparative General Fund revenues and expenditures to date for the periods ending April 30, 2015 and 2016, as well as comparison to the full year budget.

As of April 30, 2016, General Fund revenues totaled \$349.4 million, or 50% of the budgeted annual revenue. Compared to the same period last year, the City has received 1.5% less revenue in this fiscal year than last year at the same time. This is due to several factors. There were transactions that had not posted to the ledger when the month closed. Intergovernmental Revenues, Service Charges and Fines and Forfeitures account for a large percentage of the decline in revenue. Exhibit 1 provides the budgetary comparison for revenues.

As of April 30, 2016, General Fund expenditures totaled \$496.3 million, or 71% of the budgeted expenditures. The target expenditure for this period of the fiscal year should be 75%. The hiring freeze currently in place might explain the reduction in expenditures. Exhibit 2 provides the budgetary comparison for expenditures.

Exhibit 3 presents General Fund revenues by categories and compares the revenues to date to the same period last year.

Exhibit 4 depicts General Fund budget and expenditure by agency for the period ending April 30, 2016.

As of April 30, 2016, General Fund Encumbrances totaled \$14.1 million. Exhibit 5 provides summary encumbrances by department. Department of Public Works (DPW) and Information Technology (DIT) are agencies with large encumbrances. DPW's encumbrances are for grass cutting, leaf collection, waste and trash removal services. DIT's encumbrances are for paper and printing services, wireless communication and other information technology services for the City.

Exhibit 6 shows a graphical depiction of the City-wide operating cash and investment balances on a month-to-month basis for the fiscal years 2013 to 2016.

Exhibit 7 is a chart of the City's outstanding long term debt as of June 30 for FY2012, FY2013, FY2014 and FY2015, as well as, the debt related activity for the ten-month period ending April 30, 2016. Outstanding General Fund supported debt, including debt for Schools capital projects, has grown from \$545 million to \$668.1 million. During this same period the debt associated with School capital projects grew from \$119.1 million at the end of 6/30/2012 to \$190.5 million as of April 30, 2016. During FY2015, the City created a Parking Enterprise Fund, and moved the City's parking assets and associated debt into the self-supporting Enterprise Fund. City debt used to finance the Coliseum Parking Garage and the former RMA Expressway Parking Garage is now paid from the Parking Enterprise Fund.

The City uses a Bond Anticipation Note borrowing facility to provide interim financing of capital projects and periodically refinances this debt with long term general obligation bonds. During the first ten months of FY2016, the City refunded \$56.5 million of outstanding general obligation bonds, as well as issued an additional \$62.8 million of tax-exempt and \$23.0 million of taxable general obligation bonds to fund capital projects.

Exhibit 8 provides the snap-shot of accounts payable aging as of April 30, 2016 of \$1.3 million as well as the month-to-month aging beginning in August 2015. The City started the tracking of Accounts Payable Aging in August, 2015, as a result, July 2015 figures are missing from the report. It is pertinent to point out that in August 2015, the total of the accounts payable aging was \$5.9 million. April 2016 reflects a decrease of \$4.6 million from August 2015, attributable to the renewed efforts that have been placed on ensuring vendor payments are made more timely.

As of April 30, 2016, delinquent taxes totaled \$52.2 million compared to \$97.3 million in July 2015, which is a decrease of \$45.1 million, showing significant enhancements in collections. Exhibit 9 provides the breakdown of the delinquent tax figures.

Exhibit 10 highlights various economic indicators for the City of Richmond.

We would like to thank all City agencies, departments and staff for their assistance and cooperation in providing timely and accurate information in support of the preparation of this report.

Sincerely,

James P. Duval Jr.  
Interim Director of Finance

Muhammed Owusu  
Deputy Director/Assistant to DCAO
