City's Fleet Division Designated One of the Best in the Americas

~Division Makes Top 100 List~

RICHMOND, Va – For the past several years the Department of Public Works Fleet Management Division has been steadily climbing the ranks of pre-eminent fleet operations in North and South America. This year it was rated 23rd on The 100 Best Fleets in the Americas, as published in *Governing Magazine*.

Each year The 100 Best Fleets makes its selections from among more than 38,000 public fleets in North America and thousands more in South America. This year's award symbolizes the strides taken since 2015, when the Fleet Management Division received Honorable Mention. It did not make the list in 2016; but ranked 66th in 2017. It increased its standing by 43 this year.

The Fleet Management Division maintains and services approximately 2400 units of City vehicles and equipment. Approximately 1,200 maintenance work orders are completed monthly to ensure the maximum safety and lifespan of each vehicle.

The division also holds the Blue Seal of Excellence certification from the National Institute for Automotive Service Excellence (ASE).
