- Bundle includes HL10 handset lifter

CS351N Monaural Headset

- (70510-06) As above without lifter

CS361N/HL10 Noise-Canceling Binaural Combo 70540-06

- 64-bit digital encryption
- Talk time up to 10 full hours
- Roam up to 300 feet
- Over-the-head, comfortable design for all-day use
- Bundle includes HL10 handset lifter

CS361N Binaural Headset

- (70520-06) As above without lifter

SOHO WIRELESS HEADSETS

Calisto Pro

- Seamlessly switch between landline, VoIP and mobile calls
- Wi-Fi®-friendly DECT™ 6.0 technology
- Up to 300-foot range from base
- High-quality speakerphone
- Works with your Bluetooth® mobile phone
- Noise-canceling microphone and extended mouthpiece
- Up to 8 hours battery life/talk time
- USB port

CS55H (Home Edition) 73374-07

- Enjoy hands-free freedom up to 300 feet
- Up to 10 full hours of talk time
- One-touch call answer/end, volume, and mute
- Voice-dedicated 1.9GHz wireless technology
- Noise-Canceling microphone
- Comfortable, lightweight over-the-ear headset
- Comes with PSTN RJ-11 adapter

OFFICE AND CALL CENTER WIRELESS HEADSETS FOR AVAYA PHONE SYSTEMS

AWH75N with Noise-Canceling Mic Wireless Headset System 77306-01

- Sophisticated over-the-ear design
- DECT 6.0 (1.9 GHz) technology
- Roam hands-free up to 300 feet
- Integrates hookswitch control (no lifter required)
- 6-hours talk-time; 80% recharge is just 1.5 hrs.
- For Models:

- 1608	- 1616	- 2410	- 2420
- 4610SW	- 4620	- 4620SW	- 4621SW
- 4622SW	- 4625SW	- 4630	- 4630SW
- 9620	- 9630 (w/9600 Series Hookswitch Control Cord)		
- 6416D+M	- 6424D+M		

Avaya AWH55+ with Noise-Canceling Mic Wireless Headset System 63120-07

- For Definity™ and Merlin® Magix™
- 8-hours of wireless handsfree mobility
- Up to 300 feet roaming distance
- Digital 900 MHz for secure conversations
- Integrates hookswitch control (no lifter required)
- For Models:

- 1608	- 1616	- 2410	- 2420
- 4610SW	- 4620	- 4620SW	- 4621SW
- 4622SW	- 4625SW	- 4630 (with Hookswitch Control Cord)	
- 4630SW	- 5420	- 5610	- 5620
- 6416D+M	- 6424D+M		

AWH-54 Wireless Headset System 65914-01

- Designed for PARTNER
- 8-hours of wireless handsfree mobility
- Noise-Canceling microphone
- Up to 300 feet roaming distance from office your phone
- Digital 900 MHz for secure conversations
- For use with Avaya Partner Models: 4606, 4612 and 4624
- Requires optional HL10 handset lifter for remote answering

Avaya ABT-35USB Bluetooth Headset 72830-30

- Lightweight design and ultimate flexibility for use with PCs, desktops and cell phones
 - Swivel boom for either ear wearing option
 - 33 feet roaming distance from base
 - Supports Avaya Mobility Initiatives and Avaya Mobile for Nokia Series 60
 - Built-in electronic hookswitch control for models:
- | | |
|---------|--------|
| - 9620 | - 9630 |
| - 9630G | - 9640 |
| - 9640G | - 9650 |

Avaya ABT-35+ Bluetooth System 72835-02

- Swivel boom for either ear wearing option
- 33 feet roaming distance from base
- "Smart" multi-point headset enables call through answer device of choice – Bluetooth equipped desk or mobile phone
- Supports Adaptive Frequency Hopping – for graceful coexistence in 802.11 WiFi environments
- Avaya Telephones Supported with the ABT-35+ (integrated call alert & remote answer/end features) 4600 Series of IP Telephones: 4610, 4620, 4621, 4622, 4625IP T

ADAPTERS FOR AVAYA PHONES

8400 SOTA Adapter/Amplifier 65672-01

- Connects to "aux" or "other" port
- One-touch answer/end feature
- One-touch mic mute control
- Works with all H-Series headsets
- Replaces 500/500A/500A1/500AM amps
- For Models:

- 7403D	- 7405D
- 7406D	- 7410D
- 7406	- 8403
- 8405	- 8410D
- 8411D	- 8434
- 8500ISDN	

M12LUCM Amplifier Base 61642-03

- Uses Avaya headsets with Quick Disconnect
- Features volume control, headset/handset selection and mute control
- 10-foot coil cord
- For Definity models:

- 2402	- 4601	- 4602	- 4602SW
- 6402	- 6402D	- 6408+	- 6408D+
- 6416D+	- 6424D+	- 7401D	- 7404D
- 7407D	- 7434D	- 7444	
- CallMaster I	- CallMaster II		
- CallMaster III	- CallMaster IV		

PARTNER Adapter 49352-01

- For all PARTNER phones
- Works with all H-Series headsets
- One-touch answer/end feature
- Mute and flash keys
- Volume control for incoming voice to adjust to a comfortable level

SP02H 60778-01

- As above without Avaya logo

HIS-1 Avaya Direct Connect Cable 72442-01

- For 9620,9630 IP phones & new 1608/1616 phones
- Works with Avaya AW450N/AW460 Wideband headsets

AW450N

Monaural Wideband NC Headset

AW460N

Binaural Wideband NC Headset

HIC-1 Avaya Direct Connect Cable 49323-01

- Works with all H-Series headsets
- The HIC-1 allows the user to directly connect a headset into the handset port of the telephone
- Supports the following DEFINITY and MERLIN MAGIX models:

2410, 2420, 302D, 4406D, 4412D+,

4622SW, 4625SW, 6416D+M and 6424D+M

HIP-1 Avaya Direct Connect Cable 61804-01

- Works with all H-Series headsets
- The HIP-1 allows the user to directly connect a headset into the handset port of the telephone
- Supports the following DEFINITY models:

4606, 4612, 4620,
4620SW (Manufactured before Nov. 2004),
4624, 4630 and 4630SW

What Is Wideband Audio?

Wideband Audio (WBA) is a method for improving voice quality and intelligibility within the telephony environment. Sometimes referred to as High Fidelity Audio or Broadband Audio, it is based upon expanding the available spectrum for generating, transmitting, and receiving voice communications. By expanding the spectrum from the standard PSTN range of 300-3300 Hz to 150-7000 Hz, voice communications quality can be improved resulting in greater clarity, intelligibility, naturalness, and reduced miscommunication among participants using a telephone.

HEADSET ACCESSORIES
