Response: Bidders do not need to include meter couplings.

Question: Line items 6-9 refer to registers to be quoted. Are these registers to be used on existing Badger meters, or stocked for use on newly purchased meters from this IFB?

Response: They would be for existing Badger water meters.

Question: Line 10 says “Cost to program and install City supplied Itron ERT.” Can you please clarify what is to be included in this price? Are bidders to quote the labor of connecting and programming the ERT?

Response: No, the City will program and install the ERTs ourselves, so this would not be needed.
