

Sustainability Community Workshop

Please join Mayor Dwight C. Jones for a community meeting to build action steps for the Richmond Sustainability Plan

When: Thursday, February 16th
5 p.m. – 6:30 p.m.

Registration begins at 4:30 p.m.
Light refreshments will be available

Where: Richmond Police Training Academy Auditorium
1202 West Graham Road
Richmond, VA 23220

At this community workshop we will share the draft sustainability plan and gain community input for action steps and resident participation.

Economic Development: Encourages a vibrant economy and includes such topics as: green and local jobs, sustainable businesses and urban agriculture.

Open Space and Land Use: Encourages sustainable land use patterns and protecting urban open spaces by focusing on topics such as urban canopy, green spaces, mixed use development, and housing.

Energy: Encourages energy conservation, energy efficiency, renewable energy and green power purchasing.

Transportation: Focuses on sustainable modes of transportation and an improved infrastructure including: bicycle and pedestrian infrastructure, alternative fuels, complete streets and parking.

Environment: Encourages the conservation and enhancement of natural resources including: air quality, water quality, and the management of solid waste and water resources
